Did the Maui wildfires destroy your  
world? Let us help!

**Contact Us**

Welcome to Stoll Berne, where empathy and unwavering support guide our mission. We understand the profound pain and devastation that wildfires on Maui have brought upon families, businesses, and communities. Our law firm is dedicated to standing by your side, providing solace, and pursuing justice for those who have lost loved ones, homes, and livelihoods in these tragic events.

**Our Heartfelt Approach to Your Loss**

At Stoll Berne, we are not just legal practitioners; we are compassionate advocates who truly understand the grief that accompanies such profound losses. Our team is committed to offering genuine empathy and a supportive environment as we navigate the path toward healing and justice together.

**Honoring Those We've Lost**

Your loved ones, homes, and businesses hold immeasurable value. We recognize the significance of preserving their memory and your legacy. By seeking accountability from those responsible, we strive to bring about positive change, honoring the lives and dreams of those who are no longer with us.

**A Proven Record of Advocacy and Success**

In collaboration with our Hawaiian (Starn O'Toole Marcus & Fisher) and Washington (Keller Rohrbach L.L.P.) partners, we all have a track record of achieving meaningful results. Notably, in 2023, Stoll Berne and Keller Rohrbach successfully took PacifiCorp and Pacific Power to trial for the 2020 Oregon wildfires, pursuing individual claims that resulted in millions of dollars in compensation to wildfire victims.

Our team's commitment to justice extends beyond wildfires. Our partners Starn O'Toole Marcus & Fisher played a significant role in leading Hawaii's recovery efforts in 2016 during the Hepatitis A outbreak involving Genki Sushi. Through their dedicated efforts, they helped injured individuals obtain justice and recoveries, leading the way in addressing this public health crisis.

**Comprehensive Support for Your Journey**

Compassionate Guidance: Our attorneys offer genuine understanding and support, providing a safe space for you to navigate the complexities of grief and legal processes.

Comprehensive Investigations: Our collaborative efforts ensure a thorough examination of the wildfire's circumstances, allowing us to build a strong case that seeks the justice you deserve.

Tailored Strategies: We work closely with you to design a legal strategy that addresses your unique needs and objectives, ensuring your loved ones and their memories are respected.

Transparent Communication: Open dialogue is essential. We keep you informed, address your concerns, and ensure your voice is heard throughout the legal journey.

**Connect With Us:**

If you are a survivor of the devastating wildfires that have affected Maui, we encourage you to reach out to Stoll Berne. Our collaborative team, alongside Starn O'Toole Marcus & Fisher, and Keller Rohrbach L.L.P., is here to listen, understand, and advocate on your behalf. Together, we embark on a journey toward the justice your loved ones, your community, and your Maui deserve.

### [About Stoll Berne](#)

Stoll Berne is experienced at holding energy companies accountable in wildfire litigation. Recently, Stoll Berne was appointed as co-lead counsel to represent survivors of a series of fires caused by the utility PacifiCorp over the Labor Day 2020 weekend in Oregon. Stoll Berne and their co-counsels' work ultimately resulted in a jury verdict finding PacifiCorp liable to the class of survivors of four fires and awarded a combined \$90 million in compensatory and punitive damages to the 17 plaintiffs appointed to represent the class. When factoring in the damages available to the class, it would be the largest civil jury verdict in Oregon history.

Stoll Berne is based in Portland, Oregon. We are a local law firm, with local values. We enjoy representing clients from our community and, above all, giving back. Our firm encourages generosity, volunteerism, community involvement, and sustainability. And we practice what we preach. Deeply rooted in the Pacific Northwest and nationally recognized for over 40 years, Stoll Berne is best known for its expertise in plaintiffs class actions, complex business litigation, intellectual property litigation, and real estate transactions. Reflecting its commitment to give back to the community, the firm donates a generous amount of its gross revenues each year to charitable organizations.

### [About Starn O'Toole Marcus & Fisher](#)

Hawaii Real Estate Lawyers & Hawaii Litigation Lawyers – Built on the Power of Our People.

Starn O'Toole Marcus & Fisher is a leader among Hawaii's litigation, real estate and business law firms. Our firm was founded on the principles of hiring the best and the brightest talent and ensuring fair treatment for all our people – attorneys, staff and clients.

We believe if our talented team is provided with an extraordinary workspace, fair treatment and strong, equitable incentives, they will deliver exceptionally responsive representation and results to our clients.

And each Hawaii real estate lawyer and litigator at our firm does. Our team of attorneys is recognized for their command of Hawaii real estate law, business law and commercial litigation. Our firm's extensive legal and Hawaii business law experience – when combined with our attorneys' intellectual power – generates powerful negotiations, creative settlements and winning strategies for those seeking Hawaii real estate law experts. Starn O'Toole Marcus & Fisher lawyers Doug Chin, Sharon Lovejoy, Judith Pavey, Terence O'Toole, and others at their firm are working on the case.

### [About Keller Rohrback L.L.P.](#)

Keller Rohrback's environmental lawyers have a long history of successfully representing individual and class members in a wide range of important environmental litigation. Whether fighting for victims of preventable wildfires, working for victims of oil spills, communities exposed to toxic materials, or people who purchased contaminated or defective products, Keller Rohrback's team of experienced environmental litigators have helped to protect people and the environment across the country.
