

Wildfire Litigation

Contact Us

Our attorneys are here to advocate on your behalf and hold those responsible who cause or contribute to wildfires. We have years of experience advocating on behalf of fire victims, survivors, and their families in Oregon and other states. Our team has boots-on-the-ground insight—one of our lawyers fought fire for years, including on a hotshot crew. We understand the unique complexities of fire and fire lawsuits, from investigating the cause and origin, to determining liability, to trying these cases to juries. We are experienced working with partners at the federal, state, and local levels, including the United States Forest Service, Bureau of Land Management, Oregon Department of Forestry, PUC, FEMA, and many other federal, state, county, and local agencies.

We have achieved tremendous results at trial in wildfire cases. Our firm has been co-lead counsel, and our lawyers co-lead trial counsel, on the very few major wildfire cases to go to trial in the past 30 years. We are proud of the results that we have achieved for our clients. It is an honor and a privilege to do this work.
