

## Blue-Green Algae Contract Dispute

**Rob Shlachter** and **Steve Berman** successfully defended Klamath Algae Products in a three-week jury trial, one of the longest civil jury trials in Klamath County history. The multi-million-dollar dispute between Klamath Algae Products arose out of an agreement to supply blue-green algae. The jury entered a unanimous verdict for Stoll Berne's client on the breach of contract claim, and awarded Stoll Berne's client the declaratory relief it sought. The trial court subsequently rejected all the claims for equitable relief brought against Stoll Berne's client. *A.F.A., Inc. v. Klamath Algae Products*, Klamath County Case No. 1300520CV.
